# Salmopet Salmon oil

Salmopet is a pure salmon oil made from sustainably farmed Norwegian salmon. Salmopet has added natural antioxidants to preserve its good qualities. The oil is rich in fatty acids that are essential for dogs and cats. The marine based Omega-3 fatty acids DPA, DHA and EPA have a documented positive effect when it comes to general health, skin and fur quality.

Contains Omega-3 fatty acids for good health, shiny fur and soft paws.
